

TERMS OF PERMIT

- Water taken from District hydrants is not for domestic use, human or livestock consumption.
- District of Lake Country (DLC) Engineering staff will prepare each hydrant for use. The DLC will provide an approved backflow prevention device and gate valve. **Applicants must supply their own adaptor fittings to connect to 2 ½" male BC standard thread.** Hydrant connections are to be inspected by DLC Engineering Dept. staff prior to use.
- **A minimum 24 hours' notice is required to schedule a hydrant set-up.**
- **The hydrant connection must be locked whenever the hydrant is not in use or not being monitored by the user.**
- The applicant is responsible for any damage to the hydrant (including freezing) for the duration of the permit.
- **Fees are payable in advance.** Fees are calculated as \$30 per calendar day plus GST or partial day and may be paid by cash, cheque or debit. In addition a \$60.00 set up and take down fee is applicable. Credit card payments are not accepted. A partial refund may be issued with respect to unused days for permits that are returned prior to the expiration date. Contact the Engineering Department for details.
- A consumption charge of \$1.63.m³ must be paid after the use of the hydrant or standpipe.
- The District reserves the right to deny the use of any hydrant or standpipe connection.
- Any extension to the approved time frame must be done so by applying for an extension.
